 - o Mayor Silvestrini commented that he did not want discussions with new board members taking place without consent of the Board
 - Understands that some conversation must take place initially, but a balance must be found
 - Chief Petersen stated that he wants the Fire Chief and Board Chair to have the ability to hold conversations with other communities before coming to the Board
 - It is important for a community searching for information be able to count on a quiet discussion prior to broadening the discussion
 - Chief agrees that prior to any public conversation; the Board Chair and full Board should be notified
 - o Councilmember Stewart stated he did not like the conversations taking place outside the Board as had happened with the last administration
 - Chief Petersen does not want the standards of his predecessor applied to him or the current administration

- Agrees that the Board Chair must be notified, but won't proceed any further without the full Board being aware

Mayor Hale seconded the motion

All voted in favor

9. <u>Chief Finance Officer Pay Plan</u> – Chief Petersen

- a. Consider assigning to civilian pay grade for the CFO
 - This is due to the restructuring of the Chief Officers and pay plans, and eliminating promises made by previous administrations
 - Proposing moving CFO position into the civilian pay plan and also had HR complete a comparison review of other agencies budgets of similar size
 - The UFA CFO position is responsible for both UFA and UFSA budgets
 - Due to the complexities of his job, he will fall between Sandy City and Murray's CFO
 - \$130 million budget together, however, UFSA offsets his pay
 - CFO Hills position is unique and the size and complexity is hard to define and therefore compare
 - Suggest moving him into the civilian pay grade of 42 with a 5% increase now

- 1. <u>UFA Board Room Technology Upgrade</u>: Provide enhancements for voice amplification during public meetings, video conferencing, and all-purpose AV presentation technology for the space that was occupied by the Sheriff's dispatch center and is now serving as the Board Room. "Check It" Software for Narcotics Tracking through Target Solutions: Provide an electronic solution for controlled substance tracking from cradle to grave (supplier to narcotics lockers, to trucks, to patients, to waste), to date, this is all being done manually. This software has recently become available as an integrated feature in Target Solutions, which is a software that has been in use at the UFA for several years. The program provides additional opportunities for asset tracking, work order management, and other opportunities for use in the future. The fee is an annual subscription and will be integrated into subsequent budgets.
