MEDICAL NETWORK(S)

Your employer may allow you to choose from various networks. Each Member Payment Summary included in this booklet indicates which network applies to each plan.

select:care®

Select Care℠ is our largest provider network. It extends into rural areas of Utah where Select Med and Select Value are not available.

In an effort to offer even more provider options to our members, Select Care products now have access to the University of Utah Hospital and provider network.

select:med®

The Select Med® network is both affordable and comprehensive and is our most popular provider network. It is a statewide HMO that extends into northern and southern Utah.

MEDICAL PROVIDERS

See each Member Payment Summary to determine which type of provider access is available on each plan. Options may include access to participating providers only, both participating and nonparticipating providers, or access to any provider.

Participating and Nonparticipating

This plan allows you to see participating and nonparticipating providers and facilities. Participating benefits apply when you visit a provider or facility that is contracted with your SelectHealth network. These providers and facilities can be found online or in the Provider & Facility Directory. Using participating providers will cost you less.

RXSELECT℠ PRESCRIPTION DRUG LIST

A formulary is the list of prescription drugs covered on your plan. This printed version contains only the most commonly prescribed drugs in their most common strengths and formulations.

Your drug benefit has four tiers (levels) of coverage. The tiers determine the amount you are responsible to pay. Copay and coinsurance amounts are shown on your Member Payment Summary (MPS) and ID Card.

This is not a complete list of all drugs and may change due to new drugs, therapies, or other factors. If you have any questions about your prescription drug benefits, please call Member Services at 801-442-5038 (Salt Lake area) or 800-538-5038 weekdays, from 7:00 a.m. to 8:00 p.m., and Saturdays, from 9:00 a.m. to 2:00 p.m.

View the most current drug coverage and pharmacy benefit information by logging in to *My Health* at selecthealth.org. Once logged in, click on "Pharmacy Tools," then go to "My Pharmacy Tools," to find:

- Drug prices and potential lower-cost alternatives for drugs you already take
- A drug lookup, searchable by drug name and dose
- Tier statuses of prescription drugs, including injectables
- Your prescription copays and benefits
- Maintenance drug (90-day) medications
- Explanations of Benefits (EOBs) for your drug claims
- Preauthorization and step therapy requirements
- Participating pharmacies, including Retail90℠

LEGEND

(PA) Preauthorization

Coverage of certain drugs is based on medical necessity. For these drugs, you will need preauthorization from SelectHealth; otherwise, you will be responsible to pay the drug's full retail price.

(GS) GenericSample℠

This program eliminates your copay/coinsurance for the first 30-day fill of select generic prescriptions.

(M) Maintenance Drug

These drugs qualify for the 90-day maintenance drug benefit.

(ST) Step Therapy

Drugs that require step therapy are covered by SelectHealth only after you have tried the alternative therapy, and it didn't work (the therapy failed). Step therapy generally applies only to brand-name drugs.

(QL) Quantity Limits

Quantity limitations apply to certain drugs (maximum number of tablets/capsules, etc. per prescription). Preauthorization is required if the medication exceeds the plan limits.

(AGE) Age Limit

A minimum or maximum age limit requirement must be met for coverage.

Drugs with an "*****" are considered **preventive drugs** and may be covered at a different benefit than other drugs. Prescriptions vary in strength and formulation, and your specific prescription may be covered at a different tier than is listed here. If your plan includes the **value-based option**, Tier 2 drugs in these categories are covered at the Tier 1 benefit. Refer to your Member Payment Summary (MPS) and ID Card for details.

Drugs that are not covered can be obtained through an exception process. SelectHealth will cover these drugs after you have tried alternative, covered medications in the same therapeutic category that have failed to meet your medical needs. All approved exceptions will be priced as Tier 3 drugs.

PROTECTING YOUR PRIVACY

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

SelectHealth understands the importance and sensitivity of your health information. We protect the privacy of your health information because that is the right thing to do. We also follow federal and state laws that govern the use of your health information. We use your health information in written, oral and electronic format (and allow others to have it) only as permitted by federal and state laws. These laws give you certain rights regarding your health information.

Your Health Information Rights

You may:

- Review and get a paper copy of your policy or claims records as allowed by law, usually within 30 days of your request (you can also ask us to provide a copy in electronic form, and we will do that if we can readily produce it);
- Request and be provided a paper copy of our current Notice of Privacy Practices, or receive an electronic copy by email if you have agreed to receive an electronic copy;
- Ask us to contact you at a specific address or phone number if contacting you at your current address or phone number could endanger you;
- Request and receive an accounting, as specified by law, of certain situations when your information was shared without your consent;
- Receive a notice if SelectHealth or one of its Business Associates causes a breach of your unsecured information.
- Report a privacy concern and be assured that SelectHealth will investigate your concern thoroughly, supporting you appropriately, and not retaliate against you in any way (in fact, SelectHealth will provide you with information on how to report any privacy concerns to the SelectHealth Privacy Coordinator, the Intermountain Corporate Privacy Office, or the Office for Civil Rights, U. S. Department of Health and Human Services); and
- Request in writing other restrictions on the use of your health information or amendments to your health information if you think it is wrong, though SelectHealth may not always be able to grant those requests.

How Your Health Information is used

Common Uses of Health Information.

As we provide health insurance benefits, we will gather some of your health information. The law allows us to use or share this health information for the following purposes.

- To receive payment of health coverage premiums and to determine and fulfill SelectHealth's responsibility to provide you benefits. For example, to make coverage determinations, administer claims, and coordinate benefits with other coverage you may have.
- To improve the overall Intermountain system as well as to help better manage your care. For example, Intermountain has programs in place to manage the treatment of chronic conditions, such as diabetes or asthma, and as part of these programs, we share information with affiliated providers and Intermountain Healthcare to facilitate improved coordination of the care you may receive for these conditions.
- To support health care providers in providing treatment.
- To share in limited circumstances health information with your plan sponsor. However, SelectHealth will only do so if the plan sponsor specifically requests health information for the administration of your health plan and agrees in writing not to use your health information for employment-related actions or decisions.
- To identify health-related services that may be beneficial to your health and then contact you about these services.
- To request your support for improving healthcare by contributing to one of Intermountain's charitable foundations. (If you don't want to be contacted for this purpose or other fundraising communications, call Intermountain's Privacy Office at 1-800 442-4845 to let us know).
- To improve our services to you by allowing companies with whom we contract, called "business associates," to perform certain specialized work for us. The law requires these business associates to protect your health information and obey the same privacy laws that we do.
- To perform a very limited, specific type of health-related research, where the researcher keeps any patient-identifiable information safe and confidential. Intermountain reviews every research request to make sure your privacy is appropriately protected before sharing any health information.
- To law enforcement, but only as authorized by law, i.e., to investigate a crime against SelectHealth or any of its members.

Required Uses of Health Information

The law sometimes requires us to share information for specific purposes, including the following:

- To the Department of Health to report communicable diseases, traumatic injuries, or birth defects, or for vital statistics, such as a baby's birth;
- To a funeral director or an organ-donation agency when a patient dies, or to a medical examiner when appropriate to investigate a suspicious death;
- To state authorities to report child or elderly abuse;
- To law enforcement;
- To a correctional institution, if a member is an inmate, to ensure the correctional institution's safety;
- To the Secret Service or NSA to protect, for example, the country or the President;
- To a medical device's manufacturer, as required by the FDA, to monitor the safety of a medical device;
- To court officers, as required by law, in response to a court order or a valid subpoena;
- To governmental authorities to prevent serious threats to the public's health or safety;
- To governmental agencies and other affected parties, to report a breach of health-information privacy;
- To a worker's compensation program if a person is injured at work and claims benefits under that program.

Uses According to Your Requests.

Your preferences matter. If you let us know how you want us to disclose your information in the following situation, we will follow your directions.

You decide if you want us to share any health or payment information related to your care with your family members or friends. Please let our SelectHealth employees know what you want us to share. If you can't tell us what health or payment information you want us to share, we may use our professional judgment to decide what to share with your family or friends for them to be able to help you.

Uses with Your Authorization.

Any sharing of your health information, other than as explained above, requires your written authorization. For example, we will not use your health information unless you authorize us in writing to:

- share any of your health information with marketing companies; or
- sell any of your health information.

You can change your mind at any time about sharing your health information. Simply notify SelectHealth in writing. Please understand that we may not be able to get back health information that was shared before you changed your mind.

Special Legal Protections for Certain Health Information

SelectHealth complies with federal laws that require extra protection for your health information if you receive treatment in an addiction treatment program, or from a psychotherapist who keeps notes on your therapy that are kept outside of your regular medical record.

SelectHealth is prohibited from using or disclosing genetic information for underwriting purposes.

IF YOU STILL HAVE QUESTIONS

SelectHealth's Privacy Coordinator can help you with any questions you may have about the privacy of your health information. He can also address any privacy concerns you may have about your health information and can help you fill out any forms that are needed to exercise your privacy rights.

This privacy notice became effective on March 26, 2013. We may change this privacy notice at any time, and we may use new ways to protect your health information. We always post our current privacy notice on our website at SelectHealth.org.

You can also obtain a copy of this notice from any of SelectHealth's staff by asking for a copy by visiting our website, or by calling SelectHealth's Privacy Office at (801) 442-7253.

This notice of privacy practices describes the practices of SelectHealth and of SelectHealth's employees and volunteers. (For more information about the specific privacy practices of Intermountain Healthcare and its employees or volunteers working in its hospitals, clinics, doctors' offices or service departments, please contact them directly by visiting their website at intermountainhealthcare.org, or by calling Intermountain's Privacy Office at (800) 442-4845.)

HEALTHCARE MANAGEMENT

SelectHealth works to manage costs while protecting the quality of care. The Healthcare Management Program reviews three aspects of medical care: appropriateness of the care setting, medical necessity, and appropriateness of hospital lengths of stay. You benefit from this process because it reduces unnecessary medical expenses, enabling SelectHealth to maintain reasonable premium rates. The Healthcare Management process takes several forms.

Preauthorization.

Preauthorization is prior approval from SelectHealth for certain services and is considered a preservice claim. Preauthorization is not required when SelectHealth is your secondary plan. However, it is required for injectable drugs and inpatient services when Medicare is your primary insurance. Obtaining Preauthorization does not guarantee coverage. Your benefits for the preauthorized services are subject to the eligibility requirements, limitations, exclusions and all other provisions of the Plan.

Services requiring Preauthorization.

Preauthorization is required for the following major Services:

a. All admissions to facilities, including rehabilitation, transitional care, skilled nursing, and all routine hospitalizations;

b. All nonroutine obstetrics admissions and maternity stays longer than two days for a normal delivery or longer than four days for a cesarean section;

c. Home health, hospice, outpatient private Nurse;

d. Pain management/pain clinic Services;

e. Selected Prescription Drugs (Refer to the Prescription Drug List(s) within this guide);

f. The following Durable Medical Equipment:

i. Insulin pumps and continuous glucose monitors;

ii. Prosthetics (except eye prosthetics);

iii. Negative pressure wound therapy electrical pump (wound vac);

iv. Motorized or customized wheelchairs;

v. DME with a purchase price over $5,000 and

vi. Certain injectable drugs and specialty medications.

For a current list of Injectable Drugs and Specialty Medications that require preauthorization visit www.selecthealth.org/pharmacy or call Member Services.

Who is responsible for obtaining Preauthorization.

If your plan requires you to use participating providers and facilities in order to receive benefits, the providers and facilities are responsible for obtaining preauthorization on your behalf; however, you should verify that preauthorization has been obtained before you receive services.

If your plan provides coverage for both participating and nonparticipating providers and facilities, you are responsible for obtaining preauthorization when using a nonparticipating provider or facility. When participating providers and facilities are used, they are responsible for obtaining preauthorization on your behalf; however, you should verify that preauthorization has been obtained before you receive services.

If your plan offers the same level of coverage for any provider, it is your responsibility to obtain preauthorization when required. Regardless of plan type, you are responsible for obtaining preauthorization for cochlear implants or organ transplants.

How to request Preauthorization.

If you need to request preauthorization, call Member Services at 801-442-5038 (Salt Lake area) or 800-538-5038.

Penalties.

If you fail to obtain preauthorization when it is your responsibility, benefits will be reduced to 50 percent of the allowed amount, and these payments will not apply to your out-of-pocket maximum.

Failure to obtain preauthorization of cochlear implants or organ transplants will result in the denial of Benefits.

Statement of Rights Under the Newborns' and Mothers' Health Protection Act.

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or

newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Case Management/Disease Management.

If you have certain serious or chronic conditions (such as spinal cord injuries, diabetes, asthma, or premature births), SelectHealth will work with you and your family, your provider, and community resources to coordinate a comprehensive plan of care. This integrated approach helps you obtain appropriate care in cost-effective settings and reduces some of the burden that you and your family might otherwise face.

Benefit Exceptions.

On a case-by-case basis, SelectHealth may in its sole discretion extend or add benefits that are not otherwise expressly covered or are limited by the plan. In making this decision, SelectHealth will consider the medical appropriateness and cost effectiveness of the proposed exception.

When making such exceptions, SelectHealth reserves the right to specify the providers, facilities, and circumstances in which the additional care will be provided and to limit payment for additional services to the amount SelectHealth would have paid had the service been provided in accordance with the other provisions of the plan. Benefits paid under this section are subject to all other member payment obligations of the plan such as copays, coinsurance, and deductibles.

Second Opinions/Physical Examinations.

After enrollment, SelectHealth has the right to request that you be examined by a mutually agreed upon provider concerning a claim, a second opinion request, or a request for preauthorization. SelectHealth will be responsible for paying for any such physical examination.

Medical Policies.

SelectHealth has developed medical policies to serve as guidelines for coverage decisions. These guidelines detail when certain services are considered medically necessary or experimental and/or investigational by SelectHealth. Medical policies generally apply to all of SelectHealth's fully insured plans. Some plans administered by SelectHealth, such as some self-funded employer plans or governmental plans, may not utilize SelectHealth's medical policies. Medical policies do not supersede the express provisions of the certificate. Some Plans may not provide coverage for certain services discussed in medical policies. Coverage decisions are subject to all terms and conditions of the applicable plan, including specific exclusions and limitations. Because medical policies are based on constantly changing science, they are periodically reviewed and updated by SelectHealth.

INTRODUCTION Included in this directory is a comprehensive list of participating providers and facilities. Use it to determine if a provider or facility is participating on your SelectHealth® plan. You can also determine whether a provider is a Primary Care Provider (PCP), a Secondary Care Provider (SCP), or an ancillary provider.

HOW TO READ THIS DIRECTORY

Section Headings

Each section heading, in large bold text, indicates the general category of providers in that section (Primary Care Physicians, Secondary Care Physicians, Ancillary Providers, and Facilities). The symbols used to represent each of our products are found directly under these section headings.

M – Med

C – Care

Detailed Information

Providers are sorted by county, specialty, and provider last name under each section heading. Detailed information about each provider includes the following:

- Which health plan(s) the provider participates with
- Office address
- Office phone number

Footnotes

The footnotes at the bottom of a page explain the symbols that may appear next to a provider's name.

PRIMARY CARE PHYSICIAN OR PRIMARY CARE PROVIDER (PCP)

A Primary Care Physician or Primary Care Provider is a general practitioner who attends to your common medical problems and provides preventive care and health maintenance. You are not required to choose a PCP, but seeing one provider routinely will help establish a relationship that can improve your healthcare. SelectHealth has classified the following types of physicians and providers, and their associated physician assistants and nurse practitioners, as PCPs:

- Certified Nurse-Midwives
- Family Practice
- Geriatrics
- Internal Medicine
- Obstetrics and Gynecology (OB/GYN)
- Pediatrics

Primary care providers are available (or make certain another provider is available) by telephone 24 hours, seven days a week for urgent and emergency medical situations to assure prompt, quality medical services.

SECONDARY CARE PHYSICIAN OR SECONDARY CARE PROVIDER (SCP)

SelectHealth categorizes any physician who is not classified as a Primary Care Provider as a Secondary Care Provider. Examples of an SCP include the following:

- Cardiologists
- Dermatologists
- Neurologists
- Opthamologists
- Orthopedic Surgeons
- Otolaryngologists (ENTs)

You do not need a referral from your PCP to make an appointment with an SCP or specialist.

ANCILLARY PROVIDERS

Participating ancillary providers are credentialed nonphysician clinicians that may provide either primary, secondary, or ancillary care. This type of provider includes physical therapists, licensed clinical social workers, audiologists, optometrists, and more. The ancillary provider section of this directory will indicate whether an ancillary provider is classified as a PCP or an SCP.

MENTAL HEALTH PROVIDERS

Mental health providers are psychiatrists, psychologists, and social workers who provide counseling. To verify your mental health benefits or to find a mental health provider, please call our Behavioral Health Advocates℠ at **801-442-1989** (Salt Lake area) or **800-876-1989**, weekdays, from 8:00 a.m. to 6:00 p.m. A referral is not required to see a mental health provider.

EXTRA HELP FINDING A PARTICIPATING PROVIDER OR FACILITY

Here are some additional resources that will help you find a participating provider or facility.

Online Provider and Facility Search

The online provider and facility search gives you fast, convenient information about providers participating on your plan. The most current list of providers (including Primary Care, Secondary Care, Ancillary Care, and Mental Health) is available at **selecthealth.org**. You can search using these criteria to help you find a provider or facility to meet your needs:

Provider Information

- Gender
- Hospital affiliations
- Medical group affiliations
- Board certification
- Languages spoken by the practitioner or clinical staff
- Office hours

Facility Information

- Facility type
- Plans accepted
- Location

Provider Quality and Patient Satisfaction Ratings

Quality scores and patient satisfaction ratings are available for some clinics. These ratings are based on the treatment that the clinic delivers and results from an annual member satisfaction survey. Clinics must have 30 or more completed surveys for their results to appear.

To take advantage of this feature, visit our provider search. Search for a family medicine, internal medicine, or pediatric provider and click on "Satisfaction and Quality Ratings" in the doctor's profile. If a ratings link does not appear, then data is not available for that provider.
