

UNIFIED FIRE AUTHORITY

MEMORANDUM

24-001

January 5, 2024

TO: All Personnel

FROM: Division Chief Greensides

SUBJECT: New Station 102 Open

On Thursday, January 4, 2024, the crew moved into the new Station 102, which has two pull-through apparatus bays and is equipped with six bedrooms, each with a bathroom. This unique, 8,875 square foot station features a high glass wall on the east side of the day room, and vaulted ceilings to provide natural light from the courtyard. The station design maximizes the available space of the lot while providing a very functional space.

The address is the same as the former station, and the phone number is unchanged and provided below.

8609 W Magna Main Street, Magna, UT 84044
801-743-5102

I appreciate Captain Saurey and the 102 C platoon crew in helping Logistics personnel set up the new station and assist with the move from Station 111 over the past two days.
