

UNIFIED FIRE AUTHORITY

MEMORANDUM

24-081

June 7, 2024

TO: All Personnel

FROM: Division Chief Ayres

SUBJECT: June 19, 2024, Cadaver Procedure Lab Announcement

EMS Division would like to announce a cadaver procedure lab on June 19th. There will be a cap of 9 attendees per session and it is open to all UFA crew members regardless of certification level or probationary status. In the event of overbooking, preference will be given to full time UFA crew members who have not attended a cadaver lab session since 2022.

This course will cover EZ-IO insertion, chest needle decompression, BLS and ALS airway management, and cricothyrotomy procedures. Each attendee will be awarded 3 CME hours to be used for state or NREMT recertification.

Please sign up under the “Calendar” section on the LMS dashboard for the session you want to attend (0830-1130 **OR** 1230-1530). If the course is full at the time of sign-up, please email EMS Training Specialist Amanda Lawrence (alawrence@unifiedfire.org) to be waitlisted. Final notification of confirmed attendance will be emailed on June 14.

Due to the short notice of this course, please do not sign up unless you can confirm your attendance to optimize the opportunities for those who wish to attend.
