

UNIFIED FIRE AUTHORITY

MEMORANDUM

24-084

June 10, 2024

TO: All Personnel

FROM: HR Deputy Director Ricotta

SUBJECT: Special Operations Vacancy (Hazardous Materials Program)

There is a vacant Engineer position in the Hazardous Materials Program at Station 126A.

In accordance with the Professional Development Plan, interested Engineer Specialists will be required to:

- Submit a resume/work history and cover letter for consideration
- Candidates may go through an interview process with internal evaluators

The preferred candidate will be certified as a Utah State Hazardous Materials Technician. This certification is not required but is preferred. If the selected Engineer Specialist does not have this certification, he/she will be expected to obtain certification within one year as soon as a qualified course is offered.

If you are a promoted Engineer Specialist and are interested in being considered for this position, please apply through Applicant Pro, answer the questions, and upload your resume and cover letter explaining your interest in the position **by June 26, 2024**. Documents will be forwarded to Division Chief Case following the closing date. At that point, you will be provided with additional information regarding the process for selection.
