June 11, 2024

TO: All Personnel

FROM: Division Chief Ayres

SUBJECT: Controlled Substance Delivery Team

The EMS Division is offering a unique opportunity for one Paramedic to join our controlled substance delivery team.

The delivery work is in addition to your normal schedule. There will be no department business allowed for this assignment. Only full-time Paramedics will be considered, and any hours worked will be compensated in accordance with UFA Policy 900-360 Overtime and Compensatory Time.

A delivery shift is 8-10 hours over the course of a day which count in your “mandatory bucket.” Delivery teams will be expected to work at least one day a month, typically during the last week of each month. The EMS Division is asking for a minimum of 1-year commitment to be considered for the team.

This assignment places a high emphasis on attention to detail. Previous performance with the current CheckIt system and your current shift and scheduling availability will be key factors in our evaluation of candidates.
