

UNIFIED FIRE AUTHORITY

MEMORANDUM

24-124

September 5, 2024

TO: All Personnel

FROM: HR Deputy Director Ricotta

SUBJECT: Special Operations Vacancies

There are four vacant positions within Special Operations:

- Captain position in the Hazardous Materials Program at Station 126 B
- Engineer position in the Hazardous Materials Program at Station 126 A
- 2 Paramedic positions in the Heavy Rescue Program at Station 121 A

In accordance with the Professional Development Plan, interested personnel will be required to:

- Submit a resume/work history and cover letter for consideration
- Candidates may go through an interview process with internal evaluators

The preferred candidates for the Hazardous Materials Program vacancies will be certified as a Utah State Hazardous Materials Technician. This certification is not required but is preferred. If the selected candidate(s) does not have this certification, he/she will be expected to obtain certification within one year of selection or as soon as a qualified course is offered.

The preferred candidates for the Heavy Rescue Program vacancies will have Heavy Rescue Technician certifications in Rope, Trench, Confined Space, Extrication and FEMA Structural Collapse. These certifications are not required but preferred. If the selected candidate(s) does not have these certifications, he/she will be expected to obtain the certifications within one year of selection or as soon as they are offered.

If you are a promoted Captain, Engineer Specialist or Paramedic, and are interested in being considered for one of these positions, please apply through Applicant Pro and upload your resume and cover letter explaining your interest in the position **by September 21, 2024**. Documents will be forwarded to Special Operations Captain Green following the closing date. At that point, you will be provided with additional information regarding the process for selection.

If you have any questions about the positions, please contact Captain Green at cgreen@unifiedfire.org or (801) 970-3750.
