UFA Peer Support

Utilize the Peer Support resource list (found at unifiedfire.org/hs) for those personnel that are on-duty for assistance with behavioral after-action-reviews or critical incident assistance.

If there are no peer support personnel available, contact your battalion chief or work through your chain-of-command and they will facilitate additional peer support needs. If your battalion chief isn't available, contact the on-call safety officer (801-743-7113) to facilitate a Behavioral Health After Action Review (BHAAR).
