

# UNIFIED FIRE AUTHORITY

## MEMORANDUM

24-138

September 24, 2024

TO: All Personnel

FROM: Division Chief Prokopsis

SUBJECT: Camp 58 Fire Training Cadre Selection

---

On behalf of the Fire Training Division, I would like to thank the 28 individuals who submitted resumes for participation consideration for the Fire Training Cadre program. All applicants are extremely qualified and deserving of an opportunity. In addition to input from Fire Training Staff, OC Russell, and AC Dern, many factors were weighed, as well as consideration of staffing implications. As only two positions were available, it was a difficult decision.

For Camp 58, which begins October 16, 2024, **HR Specialist Rob Marriott** and **PM Ryan Jensen** have been chosen to join the staff.

As mentioned in the recruitment memo, the Fire Training Division is dependent on members willingness to come out and share their talents and expertise as adjunct cadre instructors during peak training times. There are some very busy times ahead in 2025, with two full camps scheduled for February and August, and a lateral hire in June. Fire Training staff truly appreciates all the interest from those who signed up and hope to have plenty of opportunities for all rostered Cadre members to help through-out the coming year.

Cadre selection for February Camp 59 will take place in the coming months when recruit class size has been finalized. Cadre selection for that camp will be notified and announced prior to the vacation and mandatory draw dates.
