

UNIFIED FIRE AUTHORITY

MEMORANDUM

25-046

March 19, 2025

TO: All Personnel

FROM: Chief Burchett

SUBJECT: Riverton Stations Staffing Decision

Last night, Riverton City Council unanimously voted to maintain their current staffing levels at Station 121 and Station 124. Because of this resolution, no changes to staffing or location of the specialty companies will happen this year.

I want to acknowledge the great work of Fire Marshal Watkins and Local 1696 for their collaborative and strategic approach to this challenging situation. Because of their work, the Riverton City Council, Mayor Staggs and city staff all have a deeper understanding and appreciation for the exceptional services provided by UFA. They have reaffirmed their support of the 4-handed staffing levels within their great city.

Thank you all for your patience as we worked through this issue.
