

UNIFIED FIRE AUTHORITY

MEMORANDUM

25-141

Date August 11, 2025

TO: All Personnel

FROM: Human Resources Deputy Director Ricotta

SUBJECT: Special Operations Vacancy (Heavy Rescue Program)

There is one vacant Captain position in the Heavy Rescue Program.

In accordance with the Professional Development Plan, interested Promoted Captains will be required to:

- Submit a resume/work history and cover letter for consideration
- Candidates may go through an interview process with internal evaluators

The preferred candidates will have Heavy Rescue certifications in Rope, Trench, Confined Space, Extrication and FEMA Structural Collapse. These certifications are not required but are preferred. If the selected Captain does not have this certification, he/she will be expected to obtain certifications within one year as soon as qualified courses are offered.

If you are a promoted Captain and are interested in being considered for this position, please apply through Applicant Pro, answer the questions, and upload your resume and cover letter explaining your interest in the position by August 25, 2025. Documents will be forwarded to Special Operations Captain Chad Green following the closing date. At that point, you will be provided with additional information regarding the process for selection.
