

UNIFIED FIRE AUTHORITY

MEMORANDUM

25-149

August 29, 2025

TO: All Personnel

FROM: Division Chief Ayres

SUBJECT: Cardiac Academy Reschedule

The fall 2025 Cardiac Academy, originally announce in [Memo 25-109](#) has been rescheduled for Thursday, October 23 (B2) and there are 19 spots available.

This course covers cardiac anatomy and physiology, electrophysiology, heart tones, EKG interpretation, pathophysiology, identification of myocardial infarction in several different cases, and an overview of cardiac medications and mechanical assist devices.

This is a live, interactive course, and hands-on learning will take place throughout the day, wrapping up with attendees being able to view and manipulate human hearts, courtesy of the University of Utah Body Donor Program. Because it is live, interactive, the course will not be recorded or distributed electronically.

All full-time and part-time UFA employees, regardless of rank, certification level, seniority, or probationary status are eligible to attend and will receive 8 CME hours. Neither Department Business nor Overtime are authorized for this course. Registration will be filled on a first-come, first-served basis

Please reach out to EMS Training Specialist [Amanda O'Driscoll](#) with any questions.
