

UNIFIED FIRE AUTHORITY

MEMORANDUM

25-165

September 22, 2025

TO: All Personnel

FROM: HR Deputy Director Ricotta

SUBJECT: Special Operations Vacancies (Hazardous Materials Program) Paramedic

There are two vacant Paramedic positions in the Hazardous Materials Program: Station 124B/126C.

In accordance with the Professional Development Plan, interested Promoted Captains will be required to:

- Submit a resume/work history and cover letter for consideration
- Candidates may go through an interview process with internal evaluators

The preferred candidate will be certified as a Utah State Hazardous Materials Technician. This certification is not required but is preferred. If the selected Captain does not have this certification, he/ she will be expected to obtain certification within one year as soon as a qualified course is offered.

If you are a promoted Captain and are interested in being considered for this position, please apply through Applicant Pro, answer the questions, and upload your resume and cover letter explaining your interest in the position by **October 2, 2025**. Documents will be forwarded to Special Operations Captain Chad Green following the closing date. At that point, you will be provided with additional information regarding the process for selection.
