

UNIFIED FIRE AUTHORITY

MEMORANDUM

25-220

December 18, 2025

TO: All Stations

FROM: Division Chief Mike Greensides

SUBJECT: Sanitation

At the beginning of the year, we will be transitioning most of the garbage collection services currently using **Wasatch Front Waste** dumpsters to **ACE Recycling and Disposal**.

Please note:

- Station 108 will continue to use Wasatch Front Waste.
- Stations with residential rolling garbage cans will remain with Wasatch Front Waste for that service.
- Any station that currently has a recycling can provided by Wasatch Front Waste will have that can picked up and returned.
- There may be a short overlap period where both Dumpsters are present. If this occurs, please use the ACE dumpster.

This change is necessary as we received notice of a 21% increase in our yearly sanitation costs. Transitioning these services to ACE will significantly lower our expected costs.

Additional details will be shared if necessary.

If you have any questions, please contact Captain Adam Park at (801) 243-6625.

Thank you for your cooperation.
