

# UNIFIED FIRE AUTHORITY

## MEMORANDUM

25-037

March 10, 2026

TO: All Personnel

FROM: Captain Simons

SUBJECT: Rover Bid Openings March 2026

---

Pursuant to the new Rover Bid Policy (400-125), Rover bids are now open. Please note that under the updated policy, rover assignments are now 12-month bid periods, and rover bids will not reopen again until March 2027.

The positions listed in the tables below are currently open for bid. Current rovers who do not wish to change assignments are not required to submit a bid. However, recruits who have recently completed probation, as well as personnel who have been promoted since the last bid in September, will be required to submit a rover bid. Camp 60 firefighters will be assigned a rover position upon completion of probation.

Personnel who currently hold a permanent station assignment but wish to give up that assignment may also bid for a rover position. Cross-platoon bidding is not permitted for rover bids. Any positions that remain unfilled after this process will remain vacant and will not reopen for bidding until March 2027.

Please remember that although some stations list three rover positions, a maximum of two rovers may be assigned to a station at any given time. These assignments will be awarded based on seniority. At tiller stations, engineers will receive priority assignment over seniority rules.

Specialty stations do not have rover positions. Members interested in assignments at specialty stations should contact Captain Chad Green directly.

All personnel submitting rover bids are strongly encouraged to list a first, second, and third choice to increase the likelihood of receiving a preferred bid. If a rover does not receive a bid assignment, the Staffing Office and Battalion Chiefs will make assignments as needed. Please review the video in LMS if you have questions on how to place a bid.

If you have questions, please contact your Battalion Chief through the chain of command.

**Rover Bids will close at 1200 hours on March 19<sup>th</sup>, 2026.**

## Paramedic Rover Openings

STATION	PLATOON	POSITION
101	A/C	Paramedic
102	B/C	Paramedic
104	A/B/C	Paramedic
106	A/C	Paramedic
107	A/B/C	Paramedic
109	A/B/C	Paramedic
110	A/B/C	Paramedic
111	A/C	Paramedic
112	A/B/C	Paramedic
123	A	Paramedic
125	B/C	Paramedic
251	A/B/C	Paramedic
252	A/B/C	Paramedic
253	A/B/C	Paramedic
