

UNIFIED FIRE AUTHORITY

MEMORANDUM

26-097

June 3, 2026

TO: UFA Paramedics

FROM: Operations Chief Kay

SUBJECT: Special Operations Vacancy (Heavy Rescue Program) Paramedic

There is a vacant Paramedic position in the Heavy Rescue Program. In accordance with the Professional Development Plan, interested Paramedic Specialists or Specialists with a paramedic certification will be required to:

- Submit a resume/work history and cover letter for consideration

The preferred candidate will have Heavy Rescue Technician certifications in rope, trench, confined space, extrication, and FEMA Structure Collapse. These certifications are not required but are preferred. If the selected Paramedic does not have these certifications, he/she will be expected to obtain the certifications within one year of selection or as soon as they are offered.

If you are a currently promoted Paramedic Specialist or Specialist with Paramedic certification and are interested in being considered for this position, please apply through iSolved, answer the questions, and upload your resume and cover letter detailing your interest in the position **no later than June 18, 2026**.

Documents will be forwarded to Special Operations Captain Chad Green following the closing date. At that point, you will be provided with additional information regarding the process for selection.
