

UNIFIED FIRE AUTHORITY

MEMORANDUM

26-110

June 18, 2026

TO: All UFA EMS Providers

FROM: Division Chief Ayres

SUBJECT: EMS Patient Hospital Outcomes – University of Utah Health

Outcomes for patients transported to University of Utah Health facilities are now available in ESO Health Data Exchange, which can be found by clicking on the “Outcomes” tab when you log on to www.esosuite.net. This enhancement provides timely access to hospital disposition and clinical information, supporting improved continuity of care, quality review, and system performance insights.

Additional in-person training on how to use this feature is planned for later this summer after the Zenix rollout training is complete.

Please reach out to Brooke Burton (bburton@unifiedfireut.gov) with any questions regarding access or use.
